

M/Y DELMA

Delma is the ultimate cruising private yacht. This 280-foot mega yacht offers the utmost in luxury yachting for Greece. Thirty-six guests are treated to a world of pampering and exclusive elegance. This multi-decked ship provides one of the largest entertaining spaces of any yacht. The main deck is adorned with teak sofas and the seats and tables can all be illuminated for evening drinks in the aft of the yacht. This deck hosts an aft entrance saloon with a 51 inch movie screen with surround sound and separate card playing area.

As you pass through this you enter the main saloon with fiber optic lit glass pillars and there are silver leaf louvered windows that separate the saloon from the bar and dining area. The ceiling is mirrored, there is a grand piano, large sofas, group of armchairs, silk curtains, marble columns and a hand made raised patterned carpet. This is the perfect place to entertain indoors. The dining salon seats up to 36 guests on large handmade silk upholstered chairs and has the possibility to be rearranged, thus making one very large area suitable for conferences and hosting large parties. The upper deck salon is like a private club with two seating areas, each with their own plasma TV, card tables, and fully outfitted bar. The upper deck also has a library with vintage and modern classic books and a cinema. The Lower Deck Health Centre is equal to that of your best spas. The large curved epicenter is set around a large marble Jacuzzi.

The Azul Paraliso marble is set off by floor to ceiling backlit glass panels that dissolve through spectrums of purple, blue and green. The ceiling is lit by fiber optics and the beds all face the Jacuzzi. There is a gymnasium with a large selection of workout machines and a salon for facial and body treatments, a massage room, hair and nail salon and separate male and female steam rooms, saunas, showers and Jacuzzi plunge pools. There is even a play area that is supervised for young children. The accommodations are superior beginning with the master suite of over 1313 sq ft situated on the upper deck. This bedroom has 180 panoramic views and its own private deck. All the comforts from a king sized bed to 42-inch plasma TV, male and female dressing areas, twin Jacuzzi bath, private study and an additional twin bedded stateroom. The VIP stateroom is on the bridge deck and has an attached TV lounge and study with a double sofa bed. There is a king-sized bed, plasma TV, marble bath, separate shower, Jacuzzi bath and WC areas. There are another eight, super king-bedded suites and seven-twin stateroom (including one that is equipped for special needs). All staterooms have LCD screen TV, DVD, CD, radio, writing desk, direct dial telephone and internet and email connections.
